

ITM 2018: Traditional meeting place for the world textile technologies

The sales of ITM 2018 that will be held from the 14th till the 17th of April 2018 continue at full speed. The occupancy rate of the exhibition area up to 80%. While the 3rd hall, in which the yarn machines will be displayed at ITM 2018 Exhibition is fully booked, the most of the halls for weaving (2nd hall), printing and digital printing (5th and 6th halls), knitting (7th and 8th halls) and dyeing and finishing (10th, 12th and 14th halls) are almost full as well.

The great interest continues

ITM has become a worldwide brand of today. ITM Exhibitions, is the biggest fair of Turkey and the third biggest in the world. ITM 2016 Exhibition held on 1-4 June 2016 was visited by 49,730 people from Turkey and 76 countries. Having shown participation and visitor increase during each event, ITM Exhibitions continue to increase its success in that direction. The intense participation demand coming from the machine and accessory producers point out that ITM 2018 Exhibition will be the biggest ITM that has been held until today. The fact that 80% of the places were reserved a year before the exhibition shows that a significant increase will take place in terms of both exhibition area and number of participants. ♦
