Santex Rimar Group: Corporate Fast Track Special Award

During the last week of October 2017, one of the final events of the PREMIO GAETANO MARZOTTO took place at SANTEX RIMAR GROUP, SMIT workshops in Italy.

Premio Gaetano Marzotto is part of the activities founded by Giannino Marzotto together with Ferdinando Businaro and his daughters Cristiana, Maria Rosaria Gioia and Margherita Marzotto.

The award is inspired by Gaetano Marzotto, a twentieth-century entrepreneur who has been able to unite enterprise and society, culture and territory. As Santex Rimar Group main shareholders, Giannino Marzotto's family members are proud to be a part of a collective effort in sustaining young entrepreneurs.

During the event, five start-ups have been selected and awarded by Santex

Rimar Group, Illycaffè, Santa Margherita wine producer Group, Selle Royal Group and ZCube - Zambon Research.

Ferdinando Businaro, President of SANTEX RIMAR GROUP says: "There is true innovation when enthusiasm and intelligence of young companies are combined with the experience and the vision of those who make traditional business".

SANTEX RIMAR GROUP has chosen INDIGO AI, the first AI platform that uses chatbots and machine learning to automate customized experiences for companies and customers.

According to Stefano Gallucci, CEO of SANTEX RIMAR GROUP: "SANTEX RIMAR GROUP is developing 4.0 projects focused on the relationship with more than 30,000 customers located all over the world. Our new technologies will help

to save energy, understand the processes, and save time and lack of quality. We offer services that enable our customers to achieve and maintain quality production standards and implement predictive maintenance. With this new venture, they can develop solutions to solve customers' problems faster and better."

"We want machines that can assure that there is no waste, no second rate quality, that can prevent errors and suggest how to repair malfunctions. We want machines that allow low downtime and help schedule maintenance. These machines will help solve the challenges of such a competitive textile industry," concluded Stefano Gallucci, CEO of the group.

The final event of the seventh edition of the PREMIO GAETANO MARZOTTO will be held on November 23rd in Rome. ♦
