

Vacuum Technologies for textile, food, pharma, printing, tea and tobacco packaging

Pakistani manufacturers to benefit from Becker Vacuum Pumps, Compressors & Regenerative Blowers.

Rastgar & Co. in collaboration with GPCCI organized a seminar on Vacuum Technology for textile, food, pharma, printing, tea and tobacco packaging sectors on 6th December 2017 at Karachi.

Becker is one of the leading manufacturers of vacuum and pneumatic equipment. The company is renowned in many

industrial sectors, Becker's vacuum pumps, compressors and pneumatic systems are available as single components and complete system solutions.

Antonius Nino, representing Becker, described the importance of Vacuum Technology for various manufacturing processes and highlighted modern technological advancement in Vacuum Systems.

"With many innovative products and designs, state-of-the-art manufacturing technology and future-oriented strategic investments, combined with stable family ownership, both customers and suppliers alike rely on Becker as a fair partner," said Nino during a presentation.

Talking about Rastgar & co. as a reliable and efficient distributor of Becker in Pakistan, Antonius Nino said, "A reliable partner is crucial for spare parts delivery and service of Vacuum and Blowers system."

He further said that regarding installation, commission and spare parts, Rastgar will install commission and service your vacuum pumps and blowers anywhere in Pakistan to professional standards.

Mr Maqsood Zulfqar, CEO, Rastgar & Co, specially thanked the industrialists for showing interest in Becker Vacuum Technology and Rastgar services. He met individually all guests and spoke about latest innovations in Vacuum technologies to make their businesses more profitable, with more energy efficient and productive machines.

Managing Directors, CEOs and directors from major industrial groups and Associations of Pakistan attended the seminar and appreciated the efforts by Rastgar Air Compressors for offering reliable products and aftermarket services.

Since 1885, Becker has been manufacturing and developing technologies that position Becker as the number one choice for the vacuum pump, pressure pump, compressor, regenerative blowers and central system technology. The Becker rotary vane vacuum pump leads the industry with unparalleled technology that provides reliable, superior performance cycle after cycle.

Rastgar Air Compressors is authorized distributor of BECKER Vacuum and Blowers in Pakistan. ♦
