

# DPS World 2018: A revolutionary exhibition for Pakistan's digital printing and signage industry

**DPS World 2018 concluded with a large number of visitors from across the country proving itself a revolutionary exhibition for Pakistan's digital printing and signage industry. The event was inaugurated by Mian Aslam Iqbal, Minister for Industries, Commerce and Investment Department.**

Speaking at the inauguration of landmark three-day Digital Printing, Machinery & Signage Technology Exhibition (DPS World), Mian Aslam Iqbal said, "We are making efforts to promote industry and commerce sector in the province.

He said almost all things about the 100-day plan have been completed and we will have a meeting with Prime Minister Imran Khan on November 07, where we would give a presentation on our policies on industry, skilled labour, giving loans to youth and other related matters."

He added, "Our meetings on these issues are underway with Punjab Chief Minister, Usman Buzdar. He said in past the crucial industries department was given a serious focus but this time we are committed to revamping this important sector. He said the industrial sector is a key for the creation of jobs and improving the economy, boosting exports and earning foreign exchange."

A large number of visitors thronged the Expo Center to witness the DPS World exhibition, which has provided an ultimate platform for consistently evolving industry of digital printing, graphic imaging and signage where visitors and exhibitors correlate with printing manufacturers and producers, technologists, graphics architects, latest industry trends, design houses and interior designers surrounded by marketing and media professionals.

M Saleem Khan Tanoli, CEO FAKT Group said: "This exhibition is aimed to create a platform for potential buyers and sellers from different parts of the world so that they could exchange their information about the ground-breaking digitization solutions with local businessmen and entrepreneurs. These experts from around the world will also help participants to choose the best possible machinery and technology that can suit their business needs.

He said with this kind of Digital Printing & Signage Technology Exhibition, FAKT is setting new standards in the digital printing and signage industry of Pakistan. It will open more doors for the Pakistani finished products in the international market down the road.

M Saleem Khan Tanoli also mentioned that in DPS 2018 more than 125 companies from 25 countries are participating in countries like China, Turkey, UAE, UK, USA, Japan, Pakistan and many more. Some big names that exhibited this year include SPG Prints, ATEXCO, MS Printing Solutions, Sign Trade, Sabri, GR Trading, Awami Traders, EPSON Robustelli, Mimaki, Grapho Scan Supplies, Cubetex and many more. The visitor turns around was 10,000 for this year's mega event.

The DPS World 2019 will be held during 15th to 17th October at Expo Centre Lahore, Pakistan..♦
