

Techtextil and Texprocess 2021: Registrations possible now

Exhibitors can now register immediately for the two leading international trade fairs Techtextil and Texprocess 2021. Any exhibitor booking the stand place early will benefit from an early-bird price.

Once again, from 4 to 7 May 2021, Techtextil and Texprocess, the leading international trade fairs for technical textiles and nonwovens and for the processing of textiles and flexible materials, will be attracting exhibitors and visitors from all over the world to Frankfurt am Main.

Companies that book a stand at one of the two fairs by no later than 21 February 2020 will benefit from an early-bird price. And another new feature: for the first time Techtextil and Texprocess will be occupying a total of seven halls in the western section of the Frankfurt Fair and Exhibition Centre.

With 1,818 exhibitors jointly from 59 countries and a total of some 47,000 trade visitors from 116 countries, May 2019 saw the biggest Techtextil and Texprocess ever held so far in Frankfurt. ♦
